

NEW LAW
Effective June 1!

ARE YOU READY?
Metal Coil certification
is now REQUIRED!

§32-9A-2(a) (4)a: No motor carrier may initiate or terminate in [Alabama] the commercial transport of metal coils, as defined in 49 CFR §393.120, unless the commercial vehicle operator is **certified in proper load securement**....

§32-9A-4(d): Any motor carrier violating Section 32-9A-2(a) (4)a shall be guilty of a misdemeanor and punished by a fine of not less than five thousand dollars (**\$5,000**) nor more than ten thousand dollars (**\$10,000**).

HOW TO COMPLY:

Promulgated Rule No. 760-X-1-.16 (2): In order to become certified in proper steel coil load securement, as required by Code of Ala.1975, §32-9A- 2(a) (4)a, a commercial vehicle operator must:

- Complete the Securing Metal Coils Course that can be accessed through the website <http://tmta.motorcarriertraining.com> [and some state trucking associations] and take the exam that is part of that course;
- Obtain a copy of the certificate that notes successful completion of the course and that is generated by the testing website upon passage of the exam;
- Sign the certificate and also have an official from the motor carrier for which he/she hauls or will haul metal coils sign the certificate;
- Retain the original copy of the fully-signed certificate in the commercial vehicle when hauling metal coils; and
- Provide each and every motor carrier for which he/she hauls or will haul metal coils with a fully-signed copy of the certificate.
